DMSO fee*	€0.90	€0.90	€0.90
Split 1 fee	€1.00	€1.00	€1.00

**Prices are in Euros. Actual amounts (in milligram) of compounds in stock may vary.
Please inquire first and send your official purchase order based on a quote received.**

*Coolants and refrigerants are used to keep temperature-sensitive products cold or frozen while in transit.

Dry ice (frozen carbon dioxide) and gel packs are the most common types of coolants / refrigerants used for transport.

**The mentioned price list is valid only for Diversity Screening Libraries until January 31, 2026
